PL1035 Public Participation

Mrs Hennessy spoke in relation to:

- Town Council website and the listed committee members.
- Whether non-members of the Planning committee can vote on decisions in Planning committee meetings.
- the Seawall Commissioners no longer surveying the seawall as a threat of flooding, which may help with the modification order.
- Councillor Sterndale and her membership of the Staffing & Finance committee as ex-officio.

Councillor Mason confirmed that the website is currently being updated and it was her understanding that members of the committee only are permitted to vote. Julia Stuckey the Town Clerk referred to page 7 of the Town Council's Standing Orders. Further investigations will be undertaken, and confirmation will be made by the Town Clerk regarding voting. Councillor Sterndale confirmed that she resides on the Staffing & Finance committee.

Mrs Morrissey spoke in relation to:

- Planning application 21/P/1258/FUL. She gave her objection and comments: very close to the neighbouring block of flats and how difficult it will be for residents to open windows. It will block their light and privacy and there will be a loss of valuable trees that current offer protection from the nearby busy road and a subsequent loss of wildlife. She had been unable to access the Wales & West Utilities consultation reply online. She urged the council not to support the application.

PL1036 To receive the Chairman's report

Councillor Mason gave the following updates:

Portishead Town Council internal planning process:

Councillors Sterndale and Mason met with the Town and Assistant Clerks to discuss the committees internal process on 24/06/21. This was requested during an earlier committee meeting and followed proposals made by Councillor Sterndale, who wished the committee to have the opportunity to consider all plans that come in for consultation. As a result, all the plans that have come in since the last meeting appear on the agenda tonight but those with several "no objections" from members on the SharePoint commenting portal will be at the bottom of "the following planning applications will be considered" (normally agenda item #7).

Update on planning application 21/P/0301/FUL – 49 Martingale Way:

Councillor Mason reflected on the decision last month and a proposed letter to North Somerset Council that had been circulated by Councillor Gardner to members ahead of the Planning meeting. A discussion took place regarding the issuing of the letter and that Councillor Goddard had resent the Town Council's original comment to the relevant North Somerset Council Case Officer. Councillor Gardner advised that a

request had been received from the Case Officer to provide an additional response and gave an overview of the letter. Members voted in favour for the proposed letter to be sent to the Case Officer dealing with the application.

RESOLVED

The proposed letter to North Somerset Council as drafted and circulated to members is sent to the relevant Case Officer.

***Clerk note:** Councillor Gardner left the meeting offering his apologies.*

Update on Bus Survey:

The government is promoting a National Bus Strategy known as “Bus Back Better” to help improve public transport post pandemic. North Somerset Council is aiming to create a Bus Service Improvement Plan for the area by the end of October 2021 which, if accepted, will make North Somerset Council eligible for government funds. It will be for local areas to determine what is needed in their areas to help drive up bus use, so the Town Council has put together a quick survey to get residents views on what services they need. The results of the survey will be provided to North Somerset Council to go into their future planning. Residents are urged to give their thoughts by filling in the survey:

<https://portisheadplan.commonplace.is/proposals/portishead-bus-survey>

Councillor Bull confirmed that a further meeting to get residents views will be held in the autumn including walkabouts.

Update on road traffic orders (double yellow lining):

As previously mentioned, Portishead Town Council submitted a set of requirements for yellow and white line improvements. North Somerset Council is assessing the requirements list and a meeting between the Town Council and North Somerset Council’s Highways team has been scheduled for the end of the month (July). The meeting will include 1) desk-based review of their proposals 2) a drive around to look at the various locations.

Lifeboat Trust Steps:

Councillor Snaden had no further news as they had not yet identified who owns a particular piece of land. He will provide an update next month.

Enforcement - 66 Severn Road, Portishead:

The front curtilage has been replaced with artificial grass. Other matters relating to the wall and balcony were all considered not so harmful to warrant formal enforcement action.

George Street:

Closed to vehicles between 09.30 and 15.30 from 12th July for up to 5 days. Will be added to social media for information.

Installation of Advisory Disabled Bay – Reference No. 10489958

An application had been made to North Somerset Council for the provision of an advisory disabled bay near to 38 Severn Road, Portishead. A report had been circulated to members ahead of the meeting following a site visit. The meeting noted that there had been several objections from nearby residents, there is already one disabled advisory bay outside 38 Severn Road and on-street parking outside is at a premium due to dropped kerbs outside of numbers 42, 44, 46, 50. These would only be advisory bays so you would not need a disabled badge to park in them.

RESOLVED

Portishead Town Council regrets that it is not able to support a further disabled advisory bay at this site on this occasion.

Vote recorded: majority in favour. Councillor Cartwright abstained from voting.
